COFFEE ROOTED IN RESPECT

Costa Rica Finca Desamparados

Jhonnathan Camacho is a descendant of one of the first coffee growers in the West Valley, his grandfather Rafael Camacho Vega. His primary occupation is as a doctor, but a passion for coffee has stayed in his family, and he continues to grow on a small farm. Since Jhonnathan is busy with his medical practice, he has partnered with Genesis mill to take care of the processing and drying of his coffees during the harvest, but he still stays close by: He lives nearby and visits a few times a week to check on his coffees until they are ready for shipment.
