MICRO LOTS

COFFEE ROOTED IN RESPECT

## ***Sulawesi Rante Karua***

The Sulotco plantation was established in 1987 at the foot of Rante Karua Mountain, led by Mr. Samuel Karundeng. Sulotco provides employment opportunities for local communities, by providing seeds from USA R&D.

In distributing its harvest results, Sulotco establishes a sharing system, with 75% of the harvest going to the farmers and 25% to the company. Harvests owned by farmers will then be purchased by Sulotco, at a fair price. Farmers will also get a training on how to take care of the plants, to make sure that they are properly maintained and the grow well.
