KATZ COFFEE MEANS QUALITY & SERVICE

Our work ethic, our morale, and our business perspective are heavily influenced by the folk-tale of the Jumping Mouse. This mouse sacrifices the vision and way of life with which he was comfortable and familiar in order to become something greater.

Katz Coffee employees are encouraged to find creative solutions, make independent decisions, and become someone greater. We learn and grow with one another and, as a result, our company has continued to grow over the years.

Our commitment starts with our farmers: our friends in Colombia, Guatemala, Brazil, Costa Rica, Ethiopia, Peru, and the many other countries from which we source our beans. Each of our sources prioritizes environmental and qualitative responsibilities. We make every effort to buy directly from the farmers and cooperatives in order to not allow our beans to pass through a third set of hands. Since 2003, we have used these beans to create proprietary blends for Houston's and now Texas' most highly-acclaimed and discriminating chefs and restaurateurs to whom we offer education, menu consulting, equipment sales, service, and training. Our team can also assess your equipment needs. based on your projected growth as well as assist you with the right equipment choices and the most efficient equipment layout and installation. We are your turnkey coffee solution.

GROW TOGETHER

OUR COFFEES

Sourcing the highest quality beans from all over the world, we roast each varietal specifically to bring out the absolute best in each bean: acidity, complexity, and unique flavors. All roasting is done in-house. Coffees are available in a variety of formats ranging from bulk configurations to fractional packs in various sizes.

EUREKA

MICRO LOTS

SINGLE ORIGIN MICRO LOTS

ALL EUREKA COFFEE ARE SMALL-LOT PRODUCTIONS WITH VERY LIMITED AVAILABILITY, INTENSE MILLING TECHNIQUES.

WASHED PROCESS

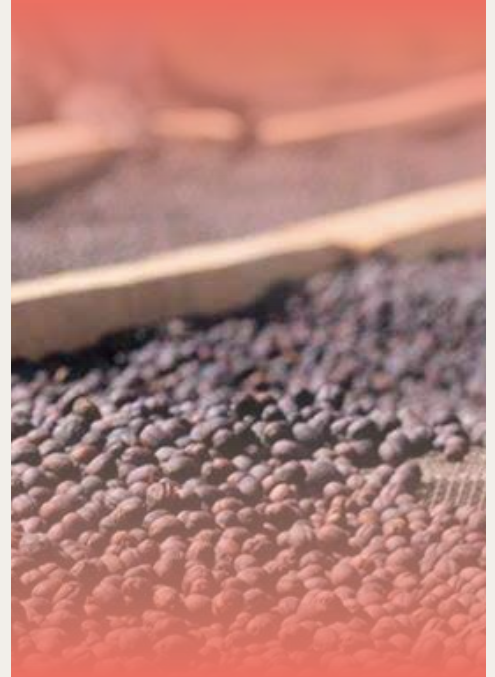

Using water to completely remove the skin and mucilage. Mild, traditional flavor. 95% of the world's coffees are washed.

HONEY PROCESS

Mechanical removal of the coffee skin while leaving the mucilage to ferment. Subtly exotic, extremely rare process.

NATURAL PROCESS

Drying of the coffee with the skin and mucilage in the sun without water. Intensely exotic, extremely rare process.

LIQUID LOVE

FUELED BY PASSION, ROOTED IN RESPECT.

Cause Coffee

by KATZ COFFEE

CAUSE COFFEE COMMUNITY PARTNERSHIPS

Giving back to our communities is one of our core values. As part of our Cause Coffee program, we develop community partnerships with nonprofit organizations closely aligned with our values and mission.

Katz identifies with many organizations whose focus is to support and preserve our natural resources and wildlife habitats. Among these are Houston's own Buffalo Bayou Partnership, Bat conservation International, Friends of Enchanted Rock, Houston Fire Department and University of Houston.

Every time you buy one of our Cause Coffee blends, we roast it, package it and donate a percentage as unrestricted funds to the benefiting organization.

Growing with our communities is a core value at Katz Coffee.

From serving complimentary coffee at fundraisers to donating auction items, we are happy to help.

ORIGINAL COLD BREW IN A BOTTLE (PET)

Crafted for bold flavor and smoothness, our cold brew is made using a patented extraction process and precision-filtered water to bring out rich, natural sweetness with no sugar added.

We brew with a higher coffee-to-water ratio for a fuller, more complex taste you will not find anywhere else. Now available in lightweight and recyclable PET bottles for ultimate freshness and convenience.

From sourcing to brewing to bottling, every step is carefully monitored to ensure exceptional quality in every sip.

READY-TO-DRINK

CASE = 12/16oz

RTD Bottles can be chilled and enjoyed straight from the bottle or poured over ice.

Black Coffee
Vanilla
Velvet Espresso

CONCENTRATE

CASE = 6/32oz

Concentrate can be diluted with water or a milk of your choice.

We suggest dilution with 1:1 ratio but you can adjust to your preference.

CUSTOM BRANDED LABELS

TODDY®

cold brewed. simply better.™

Toddy Cold Brew System

Commercial Model
5-gallon toddy bucket. Uses 5lbs
of coarse ground coffee

Toddy Cold Brew Commercial Filter Pack

50 paper filters plus one
reusable strainer

Reusable Mesh Bag

2 Pack Home Toddy Filters

HOW TO BREW COLD BREW

YOU'LL NEED...

- Clean Toddy Bucket
- Clean Mesh Strainer
- 1 Paper Filter
- 1 String
- Measuring Pitcher
- 5lb Bag of Course Ground Coffee
- 14 Qts Cool, Filtered water
- Label

- 1) Place reusable strainer inside bucket stretching elastic band around outside edge of bucket.
- 2) Place paper filter inside strainer opening as wide as possible.
- 3) Pour entire 5lb bag of coarse ground coffee into paper filter.
- 4) Pour 7 quarts cool water onto grounds saturating evenly.
- 5) Tie top of paper filter 2 inches from top with string making sure to close tightly.
- 6) Pour an additional 7 quarts cool water outside of the paper filter.
- 7) Close lid and label bucket with the date, time and your initials.
- 8) Store at about 75 degrees Fahrenheit for 24 hours.
- 9) After 24 hours, pull strainer up making sure to drain all liquid into bucket.
- 10) Pour Concentrate into containers labeling accordingly (concentrate OR Diluted) and refrigerate. Cold brew is good for 2 weeks.
- 11) Dump contents of strainer into garbage and wash strainer with hot soapy water and hang to dry, wash toddy bucket and spigot.
